SUMMARY

Product marketing professional with 2 years owning go-to-market end-to-end: positioning, messaging, and full-funnel growth across two 0→1 builds. Currently leading GTM for a D2C vertical entering Europe, turning buyer research into messaging and enablement that moves qualified pipeline.

WORK EXPERIENCE

FERMENTIS LIFESCIENCES, Product Marketing Associate

AUG 2025 - PRESENT

- Leading positioning and GTM strategy for a **D2C vertical entering Europe**, competitive landscaping to a clear white space, backed by market and buyer research.
- Localised the brand for **European buyers**: pricing, packaging, messaging, and a market-entry website tuned to how they evaluate and buy.
- Lifted the B2B website to a **6.6% visitor-to-inquiry conversion** (vs. 1–3% norm) and grew **inbound leads 122% (920→2,043)**, with **+105% traffic** on revamped product pages.
- Engineered an inbound funnel converting **~60% of qualified leads** into new customers at **₹4L average deal value**.
- Drove the messaging framework and sales enablement (decks, one-pagers, product sheets), cutting **sales-qualification time ~30%** across R&D, regulatory, and BD.

ORTHIAN'S POLYCRAFT, Co-founder-Product Marketing

JAN 2025 - AUG 2025

- Drove **0-to-1 go-to-market end-to-end** as co-founder: positioning, pricing, channel, and launch.
- Ran **15+ voice-of-customer interviews**, translating jobs-to-be-done insights into positioning and the core messaging house.
- Differentiated the brand on **12–14-month durability** (vs. 3–4-month category norm) with market-anchored premium pricing.
- Turned a value-realization insight (20–25 days) into a 30-day return policy that **cut returns 27%**.

BLUE DIGITAL, Product Marketing Associate

JUN 2024 - DEC 2024

- Ran paid acquisition across a **₹2L budget** → **64 leads at 25% lead-to-close**, validating channel and audience targeting.
- Diagnosed funnel drop-off with CRO and analytics, **cutting bounce rate 24%** across 6 client products.

PROJECTS

India's Investing Apps: A Positioning Teardown

<https://akashjain7.github.io/pmm/investing-apps.html>

- Mapped the positioning, buyer, and messaging of **4 fintech apps (Zerodha, Groww, Angel One, INDmoney)** to surface an unoccupied market white space.
- Anchored it in real data: **SEBI's 91% retail F&O loss rate** to expose an incentive gap no incumbent can profitably own.
- Built the full challenger play: ICP, **positioning statement, messaging house, and go-to-market**.
